

# Features and highlights

## In-dash CD changer.

Aerio is equipped with a standard CD player with 7 speakers, including subwoofer. The LX and SX models add a 6-disc in-dash CD changer.

## Keep your hands on the wheel.

The Aerio comes standard with a tilt steering wheel with integrated-audio controls.

## Power everything.

Aerio features a long list of amenities, including standard power windows, mirrors and door locks.

## A car that hauls.

Whether you have to carry a little or a lot, the Aerio will make it easy. Convenient split-folding rear seatbacks allow you to add more cargo space when you need it.

## The safety of all-wheel drive.

During normal driving, power is delivered to the front wheels. Should the front wheels begin to slip, the QuadGrip™ All-wheel-drive System transfers some power to the rear wheels, providing an optimum 50/50 front-rear power distribution for improved traction and handling. (Optional on LX and SX)

## Exterior

- Fog lamps (LX, SX)
- Remote keyless entry (LX, SX)
- Heated power mirrors (LX, SX)
- 15" aluminum-alloy wheels (LX, SX)
- Rear spoiler with brake light

- Second-generation dual-stage airbags
- Advanced front-passenger-seat airbag
- Front-side airbags
- Front and rear energy-absorbing zones
- Child-seat LATCH system

## Mechanical

- 2.3-liter, 16-valve, DOHC 4-cylinder engine, 155 hp @ 5400 rpm
- 5-speed manual transmission (2WD)
- 4-speed automatic transmission\*
- QuadGrip™ AWD System (opt. LX, SX)
- Liquid-filled engine mounts
- Power rack-and-pinion steering
- MacPherson Strut front and rear suspension

\*Standard on LX and SX AWD models. Optional on all other models.

# Aerio

Somehow, somewhere,  
more personality, more power,  
a get-real attitude and a  
whole lot more fun has crept  
into the universe. And it's out  
there just for the taking.  
Will the entire population figure  
this out? Who cares? The new  
155-hp Aerio. Bring it on.

Aerio SX shown in Racy Red.
